MEMORANDUM FOR: DEPUTY TO THE DIRECTOR OF CENTRAL INTELLIGENCE,
INTELLIGENCE COMMUNITY

SUBJECT: Objectives for the Intelligence Community (U)

1. (C) In response to Mr. Colby's request at the last USIB meeting, we have reviewed the draft Director of Central Intelligence memorandum to the President, subject as above. We found that this new version is much improved in format and in content.
2. (C) There are two areas which you may wish to consider in refining the memorandum.
 - a. Include the intelligence needs of those involved in the verification of strategic arms limitation agreements and Mutual and Balanced Force Reductions.
 - b. On page 5 under the heading "Military Intelligence," the DOD's highest priority needs should not be limited to technical intelligence. There may be other military planner needs which are not technical in nature.
